

Scenario:

You are a graphic designer that is trying to get on a new diet and eat healthier, but you don't have a lot of time to research different foods. You want an easy way to identify what foods are healthy and work with your diet.

Task 1: Purchase premium and find a food that is vegan and low carb.

Task 2: Find a food item that is peanut free as a free user.

Task 3: Upgrade to premium user from a free user.

Notes

1. Needs to be changed:
 - a. Needs a back button on scan screen
 - b. More specific instructions on scan screen
 - c. Card number specification
 - d. Exp date
 - e. Fix kid on selection screen
2. Good as it is:
 - a. Fast process
 - b. User input minimal
 - c. Selections easy
